

Cayuse – Human Ethics Language Guidance

Here is a chart of the language and terms used in Cayuse – Human Ethics in relation to IRB Wise language and terms.

Submissions:

IRB Wise Terms	Cayuse – Human Ethics Terms
Submit a New Protocol	Initial
Amendment	Modification
Continuing Review	Renewal
Adverse Event/Serious Adverse Event	Incident
Study Closure	Closure

Submission Terms only used in Cayuse – Human Ethics:

- New Study: A Study is a container for all submissions, actions, and changes related to the protocol. The study team/PI will not be able to create an Initial submission without creating a New Study first.

- Legacy: The submission type used when a study is imported from a previous IRB system into Cayuse - Human Ethics.

- Withdrawal: This is a submission initiated by the PI notifying the IRB Office that you no longer wish to move forward with the initial submission and want to withdraw the study.

Submission Status:

IRB Wise Terms	Cayuse – Human Ethics Terms
With Department Head	Awaiting Authorization
Submitted to the IRB	Pre-Review
Under Review	Under Review
Final Disposition	Review Complete
With PI	Reopened

Submission Status Terms only Used in Cayuse – Human Ethics:

- Under Post-Review: The review of the submission is complete. The IRB analyst will process the reviewer's determination and either send the submission back to the PI for revisions or move it forward in the approval process.
